

**LA Governor's Office of Homeland Security and Emergency Preparedness
NIMS ICS All-Hazards Operations Section Chief Course (L0958)**

Slidell, LA

January 17-20, 2017

Course Description: This course provides local- and state-level emergency responders with a robust understanding of the duties, responsibilities, and capabilities of an effective Operations Section Chief (OSC) on an All-Hazards Incident Management Team (AHIMT). These responsibilities fall into two categories: 1) responding to the incident and the command needs of the incident, and 2) effectively fulfilling the position responsibilities of an OSC on an AHIMT. Exercises, simulations, discussions, and a final exam enable participants to process and apply their new knowledge.

Course Objective: Provide local- and state-level emergency responders with an understanding of the duties, responsibilities, and capabilities of an effective Operations Section Chief on an All-Hazards Incident Management Team.

Required Training Prerequisites: ICS 100, ICS 200, IS 700.A, IS 800.B and ICS 300, ICS 400

Note: It is NOT necessary for an individual to be a member of an AHIMT in order to enroll in the upcoming AHIMT courses, nor is it necessary for an agency to sponsor an AHIMT in order for their employees to attend the courses. If you or members of your agency are interested in attending these courses please do so. In addition, if an agency or group wants to create an AHIMT it is NOT necessary for those individuals to seek credentialing under the LA AHIMT program. Individuals can take the necessary training (and agencies can form AHIMTs) purely as an effort to improve their incident management capabilities and understanding of NIMS/ICS, without any intention of seeking credentialing.

Dates and Times: January 17-20, 2017 – 8:00am-5:00pm

Location: St. Tammany Fire Protection District No.1's Training Academy
34780 South Range Road
